FRANCIS E. SANTOS
Acting Superintendent of Education

FRANKLIN J.T. COOPER-NURSE
Acting Deputy Superintendent of
Finance & Administrative Services

September 2, 2022

**U.S. Department of Education
Office of Elementary and Secondary Education (OESE)
Rural, Insular, and Native Achievement Programs**

**Remidene Aboko-Coke Diakite, Ed.D.
Education Program Specialist, Insular Areas**

Hafa Adai Dr. Remidene-Coke Diakite,

Transmitted herewith is the Guam Department of Education’s Quarter 4 Progress Report. As you are aware, the oversight and administration of the Education Stabilization Fund (ESF) and American Rescue Plan (ARP) grant funds was transferred from the Federal Programs Division (FPD) to the Finance and Administrative Services Division (FAS) on July 14, 2022. The Quarter 4 Progress Report represents the first progress report completed by the FAS which addressed the following grant funds:

- Education Stabilization Fund – State Educational Agency (ESF I – SEA)
- Education Stabilization Fund II – State Educational Agency (ESF II – SEA)

We look forward to the upcoming meeting scheduled on September 2023 to discuss the progress updates reported herewith. Should you have any questions or concerns please do not hesitate to contact us.

Respectfully,

Francis E. Santos
Superintendent of Education (Acting)

Franklin J.T. Cooper-Nurse
Deputy Superintendent, Finance &
Administrative Services (Acting)

Background

In 2020 and 2021, in response to the public health crisis, U.S. Congress passed three stimulus bills that provided \$439 million (M) to GDOE to support Guam Public Schools, the GDOE State Administration, and private non-profit and charter school sub-recipients during the COVID-19 Pandemic.

\$152.1M of ESF I and ESF II funding was granted to GDOE in order to prevent, prepare, and respond to COVID-19. ESF I and ESF II funds were designed to address learning loss, prepare schools for reopening, support school site COVID-19 testing, and for projects focused on repairs and upgrades to improve air quality in school buildings.

\$287M in ARP funds were granted to GDOE to address learning loss through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive after-school programs, or extended school year programs, and to ensure that such interventions respond to students' academic, social, and emotional needs and address the disproportionate impact of COVID-19 on underrepresented student subgroups. The ARP also allows for the use of grant funds for staff recruitment, support, and retention as well as facilities and grounds upgrades.

Summary of Grants

Grant Status Report

Grant Status Comparison Report as of 8/24/2022 1:31:26 PM

	Education Stabilization Fund - State Educational Agency <i>as of 08/24/2022</i>					Education Stabilization Fund II - State Educational Agency <i>as of 08/24/2022</i>

Topic¹

Grant Administration & Evaluation: In your responses, please describe the efforts made to ensure that grant program staff are aware of their individual responsibilities and are following the policies and procedures related to the current grant. Also describe any significant actions taken to ensure Federal funds are used for their intended purposes and that the projects and activities supported by Federal funds are meeting the established goals and objectives. Provide supporting documentation (e.g., training materials; communication of rules, regulations, and grant requirements; completed project/activity evaluation instruments; communication with beneficiaries/grantees regarding the assessment or progress of projects; project timelines; or quarterly budgets), as applicable. Supporting documentation should also include evidence that the grantee has established timelines for major grant funded projects and activities and are making noteworthy efforts to adhere to the timelines if implementation of major projects or activities has not occurred or is significantly off schedule, provide an explanation and an updated schedule for how the projects or activities will be implemented or completed before the end of the grant period of performance (2 CFR §200.301; 2 CFR §200.329).

Directions: *In preparation for the Progress Update, grantees will receive an electronic form four weeks in advance of the grantee interview to submit their responses and associated documentation. Grantees must submit their completed form (and upload any related supporting documentation) two weeks in advance of the grantee interview. Where applicable, grantees should upload documentation that supports the narrative response (e.g., public notice to stakeholders, guidance documents, sample monitoring report, media interviews, speeches, meeting agenda, etc.). Narrative responses should be brief and in bullet form, aligned with grantee goals and priorities.*

As it relates to the progress update topic:

¹ The topic will change for each progress update and will be selected by the U.S. Department of Education. Grantees will be notified of the topic at least one quarter in advance of progress updates and the topic will be the same for all grantees completing a progress update. The topic will be closely related to a specific, or set of related, statutory or regulatory requirements. The specific, or set of related, statutory or regulatory requirements outlining Departmental oversight authority will be cited in the electronic questionnaire distributed in advance of progress updates (e.g., Internal Controls: 2 C.F.R. 200.61).

Question 1: What were the grantee's key accomplishments this past quarter?

Educational Stabilization Fund – State Educational Agency (ESF – SEA)

As of August 24, 2022, GDOE has drawn down and/or obligated through purchase orders approximately 99.98% of \$41.51 million of the \$41.52 million of the total ESF I – SEA. These purchase orders were issued to procure supplies, equipment, and services to achieve the following approved project goals:

- I. Promote and maintain a safe and healthy environment for students, faculty, and staff at the schools and employees at the central office.
- II. Provide support for the social, behavioral, and mental health of students, faculty, staff at the schools and central office employees related to the COVID-19 pandemic.
- III. Continue to provide education by establishing and sustaining responsive and productive learning platforms.

We have attached the 4th Quarter Report that provides details of the accomplishments of the ESF I – SEA as aligned to the goals and objectives of the grant (Attachment #1).

There currently remains in obligation status approximately \$5.05 million that grant program staff are working diligently to contact all end-users to follow-up with vendors on the delivery and closing of each purchase order.

ESF I has been fully implemented and GDOE is working to close-out the grant and fully liquidate by December 31, 2022.

Educational Stabilization Fund II – State Educational Agency (ESF II – SEA)

As of August 24, 2022, GDOE has drawn down and/or obligated through purchase orders approximately 52% of \$76.3 million of the \$110.5 million of the total ESF II – SEA. GDOE ESF II/ARP transition team continues to work with each entity to ensure funds are being allocated and expended according to the grants goals and objectives to prepare, prevent, and respond to the COVID-19 pandemic:

- I. Distance and Modified Learning Platforms Expansion
- II. Student and Employee Health and Safety
- III. Mental, Social and Behavioral Health and Wellness Support

***See attached Grant Status Report dated August 24, 2022 for ESF I – SEA and ESF II – SEA for all participating schools.*

School Support Personnel

In order to provide the adequate support necessary for the GDOE Public School District to enforce health and safety protocols and address learning loss in an effort to prepare, prevent and respond to the impacts caused by the COVID-19 pandemic and sustain in-person, face-to-face instruction, a total of forty-five ARP

Community Program Aides have been hired on a limited term full time status and thirty-four (34) Teacher Assistants have been hired to maximize the in-person face-to-face learning and support teachers in classrooms.

Status of current activities implementation and ongoing procurement, delivery, and distribution of equipment, supplies and contractual services:

ACTIVITIES TO GOALS 1 & 3 (ESF II)

○ **Student and Teacher Instructional Supplies**

The ongoing procurement and delivery of Student and Teacher Instructional Supplies continues to provide the necessary classroom support to help close educational gaps directly caused by COVID-19 in all participating public, private-non-public and charter schools. These include, but are not limited to, pencils/pens, paper, folders, binders, poster boards, reference materials (i.e. pocket dictionary/thesaurus), USB flash drives and other related items. *(See Appendix A)*

○ **Technology Supplies and Equipment**

The Department has completed the delivery and installation of all technology equipment procured with ESF I and ESF II funds to accommodate the different learning platforms for students and delivery of instructions for teachers. Technology equipment includes but not limited to laptops, tablets, mobile and stationary charging stations, document cameras, interactive whiteboards, and speakers. *(See Appendix B)*

○ **Hard Copy Instructional Materials**

A majority of all necessary core-content subject area Hard Copy Instructional Materials have been procured and delivered to participating public, private-non-public and charter schools. Procurement is ongoing for remaining subject areas inclusive of elective courses relative to student learning objectives. *(See Appendix A)*

○ **Summer School**

The GDOE Public School District has implemented the Summer School activity leveraged by the ARP- OA SEA Grant and the Consolidated Grant. In this activity, participating teachers provide credit recovery services for high school students and supplemental learning for K-8th grade. Summer School enrollment was an estimated 4,500 students. There were 391 teachers and 1 Summer School Nurse that participated in Summer School. The Summer School activity began in June 2022 and ended in July 2022. *(See Appendix C1 for a few of many sample displays of schools showcasing their students summer school projects)*

Additionally, the participating charter schools – Science is Fun and Awesome Charter School (SIFA) and Guahan Academy Charter School (GACS) and participating Private Non-Public schools from the Office of Catholic Education (OCE) – Academy of Our Lady of Guam and Notre Dame High School hosted their very own summer school programs. Summer school programs were geared towards addressing learning loss caused by the COVID-19 pandemic education disruption. Each entity began their summer school programs on June 13, 2022 with SIFA ending on July 8 and GACS and OCE ending on July 22, 2022. SIFA recruited 5 teachers and had a total of 39 participating students. OCE reported 3 teachers and over 40 students. GACS

reported 13 teachers with the assistance of 3 Teacher Assistants for 218 students. (See Appendix C2 for GACS Week 1 and Week 6 Summer School activities)

ACTIVITIES TO GOAL 2

○ **Personal Protective Equipment (PPE) and Health & Safety Materials**

PPE consumable supplies and materials (i.e. masks, gloves, sanitizing wipes, etc.) continue to be used and re-ordered as necessary for students and school personnel at all participating public, private-non-public and charter schools, as well as for GDOE ancillary personnel.

- The Indefinite Quantity Bid (IQB) for PPEs is in place for the procurement of PPEs that will have the commonly procured Health and Safety supplies and materials. The IQB is established to expedite the process and ensure that the necessary supplies and materials are delivered in a timely manner.

Additional orders of PPEs and Health & Safety Equipment (i.e. handwashing stations, bottle filling stations, thermal scanning cameras, etc.) have been received, distributed, and installations are ongoing at various school sites. GDOE continues to procure additional health and safety equipment to ensure adequate resources support the student populations on campus. (See Appendix A)

○ **Walk-In Chillers and Walk-In Freezer Boxes**

GDOE Public School District has finalized the procurement of six (6) walk-in chillers and six (6) walk-in freezer boxes through leveraging funds from the U.S. Department of Education ESF II – SEA and the U.S. Department of Agriculture National School Lunch Program Equipment Assistance Grant. Selection for the procurement of equipment has been made and a Purchase Order has been awarded to a vendor. GDOE is pending delivery and installation of equipment. Walk-in chillers and Walk-in freezers were approved by the US-Ed on August 6, 2021.

○ **High Efficiency Particulate Absorbing (HEPA) Filtration System and Maintenance**

- Project personnel continue to monitor and provide necessary information and assistance to continue with the implementation of this activity:
 - GDOE has awarded a vendor and a Purchase Order has been issued; delivery and installation of equipment is pending.

○ **Portable Fold Up tables with Bench Seating on Wheels**

Project personnel continue to monitor and provide necessary information and assistance to continue with the implementation of this activity:

- GDOE has awarded a vendor and a Purchase Order has been issued; delivery and installation of equipment is pending.
- GACS has received and installed the equipment from the awarded vendor.

○ **Water bottle Refilling and Hand Washing Stations**

Selection for the procurement of equipment has been made and a Purchase Order has been awarded to the vendor. The delivery and installation (retrofitting) of the 141 Hand Washing Stations and 191 Hands Free Water Bottle Refilling Stations is ongoing to the Public-School District.

○ **Capital Improvement Projects (CIP) Funded through ESF II – SEA and ARP - OA SEA**

The GDOE Public School District has executed a Memorandum of Agreement (MOA) with the Guam Power Authority (GPA) to provide the necessary expertise and experience as it relates to the implementation of CIP activities that prepare, prevent and respond to COVID-19 and to sustain face-to-face instruction. This MOA has created a formal partnership between the two entities that spans the remainder of the performance period. The Project personnel meet periodically with GPA Engineer representatives for strategic planning sessions. (*See Appendix D*)

- Improved Ventilation Services activity inclusive of Heating, Ventilation, and Air Conditioning (HVAC) inspection, preventative maintenance, repair and replacement contract continues in its implementation of necessary services to GDOE Public School District school sites. The following are samples of conducted work: repair of antiquated HVAC units, cleaning and maintenance of existing units to prolong their effective use, replacement of hoses and other accessories that have worn down, and complete replacement of HVAC units, when necessary.
- Supplies and Materials necessary for GDOE Public School District school sites to conduct minor repair/maintenance work related to approved activities are ongoing to provide the necessary items and tools. These include, but are not limited to, light fixtures and flood lights, junction/circuit breakers, wiring, caution tape, conduits, restroom fixtures (i.e. faucets), paint and paint supplies, safety vest, helmets, and gloves and other safety supplies, trash receptacles, fire extinguisher brackets, PVC pipes and fittings, doors, knobs and hinges, electrical, HVAC and carpentry power tools and supplies.
 - Indefinite Quantity Bid (IQB) has been issued and minor repairs of schools are ongoing. Minor repairs include replacement of door knobs, light tubes, light bulbs, retouching/refreshing school campus paint, parking lot markings, physical distancing marking, non-skid paint for walkways, plumbing fixtures and materials.
- As a result of site assessments and anticipated timelines, the GDOE Public School District has finalized the procurement process and a purchase order has been awarded for the complete replacement of school walkway awnings and canopies for P.C. Lujan Elementary School and Juan M. Guerrero Elementary School. This activity is cost shared by ESF II – SEA and ARP-OA SEA.

 **ON-GOING PROGRESS TO MEET ESF II – SEA GOALS**

Remaining ESF-II funds are earmarked to support the following in an effort to prepare, prevent, and respond to the impacts caused by the COVID-19 pandemic and to continue to sustain in-person, face-to-face instruction:

- Teacher Desks and Chairs
- Science Laboratory Stations
- Music Equipment
- PE Equipment
- Student ID system

- Interactive Whiteboards
- TV monitors
- Projectors and Elmos
- Shelving Units
- 3D Printers
- Electronic Craft Cutting Machines
- Primary Phonics Seating Carpet
- Heavy duty washers and dryers
- Two-way radios
- Flex-space double sided mobile teaching easel
- Portable space coolers
- Portable student lockers
- Portable outdoor stage units
- Portable playground equipment
- Movie series exploration
- Broadcast and Professional Production Equipment
- Childhood Writing Centers
- Technology Equipment and Accessories
- Online platform for Standardizing K-12 teacher video lessons
- Subscription for Great Courses
- Professional Development: Classroom Instruction that Works with Technology
- Professional Development: Sheltered Instruction Observation Protocol (SIOP)
- Summer School bussing (GACS)
- Standard Based Formative Assessments
- Plastic folding tables
- Metal chairs
- Laser Cutter/Engraver
- Cricut Machine
- Cricut Press
- Gardening Shed
- Soil Test Apparatus Kits
- Band/Musical Equipment
- Projectors
- Sports Equipment
- Water Dispensers
- Food Carts
- Hydroponic System Kits
- Instructional Supplies
- Nursing Supplies

 **Transfer of Oversight and Administration of ESF I, II, and ARP-OA SEA to GDOE Financial & Administrative Services Division (FAS)**

- A memorandum dated July 14, 2022 issued by the former Superintendent Jon J.P. Fernandez transferred the oversight and administration of ESF I, II, and ARP funds to FAS. (*See Appendix E*)

- A subsequent memorandum dated August 12, 2022 was issued in response to the July 14 memorandum which outlined the transfer of oversight and administration of ESF I, II, and ARP funds and changes to workflow processes related to the transition to FAS. (See Appendix F)
- Support staff funded by ESF and ARP were subsequently transferred and currently report to FAS (See Appendix G)
 - Administrative Aides (2)
 - Program Coordinator II (2)
 - Program Coordinator IV (1)
- The transition of oversight and administration includes ongoing assessments of the approved grant applications and budget narratives, ongoing review of all pending requisitions, identification of areas that may require an update, and staff roles and responsibilities
- Areas of oversight relative to the project managers and leads continue to assist in their respective areas of responsibility
- Recurring meetings are held to discuss ongoing progress, issues, and concerns

Question 2: What were the grantee's key challenges this past quarter?

Leadership continues to change and remains limited within the administrative workforce for the Public, Charter and Private-Non-Public Schools:

- **LEA Leadership, School and Administrative**
The COVID-19 pandemic has affected the workforce within the schools significantly. A large number of school leaders, educators and employees have either retired, moved to a new profession, relocated, and/or resigned due to the unpredictable and unforgiving circumstances surrounding the pandemic. The pandemic further exacerbates the existing shortages in school faculty and personnel at the various school sites due to the impacts of COVID-19 and changing educational requirements that created additional stress and burden on existing individuals. (See Appendix H)
- **Key Grant | Project Personnel and GDOE Local Personnel**
To date, GDOE has lost significant key personnel, both grant/project and local employees throughout the Fiscal Year as a direct result of the global pandemic and unrelenting extensive work hours and workloads. Countless ancillary personnel have opted to either retire, relocate and/or assume other employment to minimize work stress, ensure personal and family time is intact, and to minimize their health and safety risks. Employee retention of newly hired full-time, permanent project personnel and full-time, limited-term personnel has been a challenge over the course of the last two years.
 - **Chief State School Officer | Superintendent of Education resigned July 15, 2022.** On May 1, 2022, the GDOE Chief State School Officer and Superintendent of Education announced his intention to step down from his position effective July 16, 2022.
 - **Acting Chief State School Officer | Superintendent of Education,** Mr. Francis Santos was voted unanimously by the Guam Board of Education. His appointment became effective on July 16, 2022.
- **Personnel Recruitment**
With limited resources, current professional, administrative, and procurement personnel have taken on substantial workloads in addition to their already immense roles and responsibilities thereby leading to longer work days including weekends and holidays. Remaining staff are burdened with

addressing a multitude of demands and timelines, which has and/or will lead to burnout, mental and emotional challenges and potentially opting to leave GDOE. Recruitment of personnel funded by ESF II – SEA and ARP - OA SEA continues to be a challenge. Project personnel continue to find difficulty recruiting, hiring and retaining qualified individuals to provide the necessary assistance at both the ancillary office and school site levels. Employee retention of newly hired full-time, permanent personnel and full-time, limited-term personnel has been a challenge over the course of the last two years. It will be necessary for schools to retrain staff on the implementation of project activities, such as keying in requisitions on the Munis system and tracking purchase orders/deliveries.

The COVID-19 pandemic situation has presented a multitude of challenges on the education and island community affecting both the delivery of educational supports and project activity implementation/timelines:

- The economic impact of COVID-19 pandemic has diminished the vendor pool causing a lack of, or minimal responses to Small Purchases, Request for Proposals (RFP) and Invitation for Bids (IFB). The ability of vendors to meet the needs remains a consistent challenge considering the global supply and demand coupled with the extended delivery to Guam. Additionally, vendors continue to request for extensions and/or cancellation of deliveries due to these issues. Challenges include:
 - Delivery of goods procured can take four (4) months or more, extending delays in shipments due to Guam’s isolated geographic location in the Pacific Ocean.
 - Nationwide shortages and competing demands for supplies and materials further delays delivery. This applies especially to technology supplies and equipment as the global chip shortage has affected the ability of manufacturers to complete orders.
 - Lengthy IFB/RFP for high value supplies, equipment and contractual services creates further delays.
 - Nationwide shortages and competing demands for supplies and materials further delays delivery. This applies especially to technology supplies and equipment as the global chip shortage has affected the ability of manufacturers to complete orders.

Question 3: What methods, tools, and processes are you utilizing to address these challenges?

Although delays and challenges are prevalent due to the COVID-19 pandemic, GDOE is making every effort to accelerate the implementation and expansion of activities. GDOE has and continues to carry out the following to ensure activities move forward and status is monitored collaboratively:

- Collaboration between the Procurement Office, key LEA personnel, ESF/ARP Transition Team and Management is ongoing as it relates to accelerating the procurement of services, supplies, materials, and equipment for participating schools.
- Collaboration with other GDOE divisions to streamline processes and increase efficiency in the implementation of approved activities.

- Collaboration with the Office of the Governor of Guam and respective agencies to provide services, tools and resources for underrepresented students to include transient students, students facing homelessness, wards of the state and foster children.
- Continuous communication with stakeholders, educational institution representatives from the GDOE public, eligible participating private-non-public and charter schools.
- Communicating with vendors to ensure services, activities and deliveries are accomplished/received in a timely manner.
- The ESF/ARP transitions team will continue the effort to develop and revise comprehensive processes and workflows to allow for consistent internal controls ensuring Federal compliance with ESSER grants.

Question 4: How can the U.S. Department of Education help the grantee address these challenges?

Conduct a Consultative and Technical Assistance Workshop for all participating Insular Areas to network and discuss:

- Successes and challenges in the implementation of Elementary and Secondary School Emergency Relief (ESSER) funded activities
- Processes utilized to implement effective internal controls
- Tools and practices to streamline and enhance compliance reviews and procurement efforts
- Continuation of the timely communication from the U.S. Department of Education Program Office personnel related to prior approval requests, requests for information and technical assistance needs.
- Continued regular and frequent guidance, technical assistance, and correspondences to ensure new and revised US-Ed regulations as it relates to applicable Federal grants pertinent to insular areas and GDOE are complied with accordingly.

Question 5: What are the grantee's technical assistance needs related to these challenges?

- Provide guidance or technical assistance on how other States or Insular Areas are managing efficient and timely procurements processes.

Public Burden Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1810- 0757. The expiration date is December 2, 2021. Public reporting burden for this collection of information is estimated to average 1 hour per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The obligation to respond to this collection is required to obtain or retain benefit 2 CFR 200.327 and 2 CFR 200.328. If you have any comments concerning the accuracy of the time estimate, suggestions for improving this individual collection, or if you have comments or concerns regarding the status of your individual form, application or survey, please contact Joanne Osborne, Rural, Insular, and Native Achievement Programs, Office of Elementary and Secondary Education, U.S. Department of Education, 400 Maryland Ave. SW, Rm. 3E306, Washington, DC 20202 or email joanne.osborne@ed.gov directly.

FOR IMMEDIATE RELEASE

GDOE'S Curriculum & Instruction Division Hosts Summer Fair 2022 on July 16

The Guam Department of Education's (GDOE) division of Curriculum & Instruction (C&I) is inviting the public to attend a Summer Fair 2022 for the purpose of exhibiting and demonstrating Summer School Learning and Strategies designed to address learning loss as a result of the COVID-19 Pandemic, in the elementary and middle schools as well as high school credit recovery. The public will have the opportunity to observe, inquire, and participate in various activities inclusive of STEM Robotics/Engineering/Sciences, Sustainable Gardening, PBS University, Modern and Cultural Dance, Reading and Math Strategies, and Digital Applications just to name a few.

The Summer Fair is scheduled for July 16, 2022 from 10:00 a.m. to 2:00 p.m. at the Agana Shopping Center. The public is highly encouraged to attend the fair and participate in the various activities scheduled as well as performances and a Zumba Energizer conducted by our C&I personnel GDOE teachers and students, along with any Private Non-Public Students who have participated in our Summer School 2022 Activity.

Should you have any questions or inquiries please feel free to contact Mr. David Camacho via email at davccamacho@gdoe.net or Mr. Felix Chaco at fachaco@gdoe.net

"This activity is administered by the Guam Department of Education (GDOE)-Federal Programs Division/Grants Office and funded by the U.S. Department of Education-Consolidated Grant to the Outlying Areas, Education Stabilization Fund II-State Educational Agency (ESF II-SEA) and the American Rescue Plan Outlying Areas State Educational Agency (ARP-OA-SEA)."

176 rainbow graduates turned tassels Monday

ISAIAH JOHN AGUON | THE GUAM DAILY POST

AUG 2, 2022

RAINBOW: Nearly 200 Guam Department of Education high school students receive their diplomas during the Rainbow Graduation Ceremony held at Okkodo High School on Aug. 1. Marcus Evaristo/The Guam Daily Post

Friends and families gathered to celebrate the 176 rainbow graduates of the Guam Department of Education on Monday at Okkodo High School.

Before students walked across the big stage in their cap and gown, with the decorated backdrop of the six public high school colors, GDOE Acting Superintendent Francis E. Santos gave welcoming remarks, pointing out that it's never too late to graduate.

“I was reading one of the caps. On one of them, I saw: 'It was never too late,’” he said. “It is never too late and I'll tell you why. I graduated from high school in 1975 the rest of my distinguished colleagues, the list is long, but we graduated eons ago, but today is a graduation and it's still important that you graduate from high school and I would hope and pray that you continue on your education journey because there's a lot before you ... obviously more than just graduating from high school.”

Santos concluded his remarks by thanking the parents for supporting their children to get them where they are today.

You could feel the excitement in the gymnasium as the bleachers were filled with people cheering on the graduates while they received their hard-earned diplomas.

Edward Guzman, 18, with Tiyan High School's Class of 2022, was among the dozens that received diplomas and turned tassels from right to left.

He noted feeling good about finally picking up his diploma because it wasn't easy to get where he is today with the academic challenges posed by the global COVID-19 pandemic.

“I would say online school because it was hard maintaining both home and online,” Guzman said. “I made up my credits by going to summer school, night school and Asmuyao Community School.”

He begins the next chapter of his life today.

“I start my job ... at Comfort Auto Air Conditioning, where I’ll be doing air conditioning for cars.”

Rechley Ludwig, 18, graduated from George Washington High School.

“I feel great having the diploma in my hand,” she said. “And a better future for me.”

Ludwig shared her future plans.

“I plan to go to college to study photography,” she said.

Rainbow graduations are held for students that lacked the required credits before their originally scheduled graduation but caught up during GDOE’s summer school program or Asmuyao.

Guahan Academy Charter School STEEP Newsletter *Week One*

Dear Parents/Guardians & Students,

It has been 3 days of summer school! There have been bumps in the first few days with our postponement, but with our devoted teachers' and staff's assistance, along with your cooperation, participation, & understanding, GACS students are on track and enjoying summer school! Go! Go! Starfish!

Here are a few highlights and details to remember:

- 1. School gates open at 7:15am and closes at 12:30pm sharp.** You will have to pick up your child from SSO "Student Support Office" and get down to sign them out after 12:30pm. (Picking up your child after 12:30pm more than three times may result in disenrollment from the summer program).
- 2. Every Friday is dress-down for all students.** Below is a list of the themes for the summer school Friday Dressdowns. Teachers will review with students the theme for the dress down, as well as remind them of the GACS dress code expectations. Also, check the website and FB page for participating students' photos.

6/17/22- Rainbow Day	7/8/22- Pajama Day
6/24/22- Sports Day	7/15/22- Twin Day
7/1/22- Colors of the Flag Day	7/22/22- Island Wear Day
- 3. Progress Reports in both hardcopy and digital format will go out on June 24, 2022.** You will have to sign the progress reports and return to your child's Homeroom teacher.
- 4. Health Education and Socio-emotional lessons are delivered to all students K-12.** In addition to the extended learning opportunities in reading, math, science, & physical education, etc., your children are getting prepared socially and emotionally as well. They have 30 minutes daily to discuss and participate in activities on resilience; self-management; relational skills; and responsible decision making, as well as practices for health and hygiene. This enrichment part of the STEEP program aims to train our children to adapt safely and responsibly in uncontrollable circumstances in life. ie. COVID-19.
- 5. "Life Skills" is another enhanced program offered to all Summer students K-12.** (Children are given enrichment activities on arts & crafts, home economics, Coast 360's Banzai Program, and other hands-on activities that will connect what they have academically learned with real-life situations.

6. **Breakfast is provided.** Meals served are Child & Nutrition Program compliant, at no cost to students, and with student allergies in mind. We appreciate any feedback regarding the daily meal your child receives.

Attached are some photos for you to enjoy!!! Please check your email and the school's website and FB page for updated information or contact the school at 979-1065/66.

Sincerely,

Jamie Indalecio & Jiana M. Sanchez
Summer School Program Coordinators

First Week of Summer School

Guahan Academy Charter School STEEP Newsletter

Week Six

Dear Parents/Guardians & Students,

We have completed our STEEP Summer School Program! Here are the major highlights and details for your reference:

1. Upcoming Holiday Reminder: July 21, 2022-Liberation Day & July 22, 2022-Government of Guam Holiday. There were no in-person classes on July 21 and July 22, 2022 which were the last two days of our summer program. Teachers conducted online classes/activities in lieu of in-person instruction. Activities and information regarding these two days were given out by teachers. For high school students, all projects, assignments, tests, etc. were due on July 22, 2022. Please make contact with your child's teacher(s) should you have any concerns or questions.

2. Second Quarter Report Card Grades were due July 22, 2022. Since there were no classes on this day, digital report cards will be sent via RenWeb/Guahan Academy Gmail no later than Monday, July 25, 2022.

3. Upward Bound. The University of Guam Upward Bound Program is a 100% federally funded program that aims to generate the skills and motivation necessary for college-bound low-income or first-generation students to successfully complete high school and enroll into college. A presentation was conducted on Monday, July 18, 2022, for 8th graders, as well as high school students. If you or your child are interested in this program, please contact our school counselor, Mr. Retuleilug at Bretuleilug@guahanacademy.org

4. Perception Surveys. As a way to improve our summer program, we are asking students and parents to complete the following online surveys. Surveys should take no more than five minutes to complete. Your feedback and comments are valuable. Surveys will close on Saturday, July 23, 2022.

STUDENT SURVEY:

5. "It's Like Halo Halo" a Breaking Wave Theatre Company Production Filming: Complete. GACS and the BWTC have spent the past week filming "It's Like Halo Halo" (a short film surrounding the theme of identity and resilience). Some of our own students have participated as key actors/actresses, as well as extras! There will be a special GACS screening once the film has been completed! Please tune into the GACS Facebook/website for updates.

Attached are some photos for you to enjoy!!! Please check your email and the school's

website and FB page for updated information or contact the school at 979-1065/66.

Sincerely,

Jamie Indalecio & Jiana M. Sanchez
Summer School Program Coordinators

Summer School Activities Week 6

Appendix D

MEMORANDUM OF AGREEMENT GUAM DEPARTMENT OF EDUCATION ASSISTANCE WITH ENGINEERING AND MANAGEMENT SERVICES

- 1) **Parties.** This Memorandum of Agreement (the “Agreement” or “MOA”) is between Guam Power Authority (“GPA”), a public corporation of the Government of Guam organized and existing under the laws of Guam, and the Guam Department of Education (“GDOE”). GPA and GDOE shall also be referred to collectively as the “Parties”.
- 2) **Purpose.** The Parties are entering into this Agreement will collaboratively perform engineering and management services to implement projects necessary to upgrade the educational infrastructure throughout the island.

The collaborative effort will enhance and broaden GDOE’s capability to sustain and maintain future complex education infrastructure improvement projects, including but not limited to: long term infrastructure CIP plan, energy and water use efficiency programs, renewable energy projects, cost reduction programs, maximized grant opportunities, and infrastructure financing capability.

- 3) **Recitals.**

Whereas, GDOE lacks sufficient internal engineering and management capabilities to implement projects necessary to upgrade its educational infrastructure throughout Guam. While GDOE works to build the necessary capacity, there is an immediate need for temporary assistance in helping to plan, review, implement and monitor near-term projects. Such assistance would need to include planning experience and an engineering background; and

Whereas, GDOE has an opportunity to plan and execute up to \$250 million of capital improvement projects over the next three years. The American Rescue Plan (ARP) projected funding of \$170M for CIPs identified in the GDOE Master Facilities Plan must be obligated by September 2023 and completed by September 2024; and

Whereas, GPA has proven expertise and experience implementing, completing, operating, and maintaining capital improvement projects; and

Whereas, a GPA-GDOE partnership will provide GDOE the expertise and the necessary experience coupled with the substantial American Rescue Plan funding to improve the island-wide schools to infrastructure standards necessary and conducive for educating our children.

- 4) **Scope of Work.** Based on the recitals above and the agreed upon consideration, the Parties agree as follows:

GPA shall assist GDOE with Engineering and Management Services for implementing its maintenance and capital improvement programs, essentially serving as “Owner’s Engineer” for the key projects and initiatives listed on Exhibit A. GPA may be compensated for reasonable costs through identified, approved grant funding, subject to grant program conditions.

- a) The Parties are responsible to execute the following:
 - i) GDOE shall furnish GPA a list of prioritized infrastructure projects, including approved scope of work, identified funding sources, and associated deadlines.
 - ii) GPA will furnish GDOE proposed schedules or timelines for such projects.
 - iii) GDOE shall review the proposed project schedules, make amendments, and provide a finalized schedule that may be agreed upon by the Parties.
 - iv) Grant Reports and Federal Forms shall be filled out collaboratively by the Parties.
 - v) Grant Report and Federal Forms shall be drafted and submitted by GDOE to the DOI, and/or FEMA Grant Manager.
- b) The Parties shall share and furnish all other information required by the Department of Interior and/or FEMA.
- c) The Parties shall ensure that all project activities will abide by the Grant Terms and Conditions furnished to both Parties by DOI and/or FEMA.
- d) The work shall be led and monitored by key professionals within the entities.

5) Modifications to Scope of Work.

Both parties reserve the right to, upon mutual agreement, modify and make additions to the scope of work outlined herein.

6) Indemnification.

Guam Department of Education. GDOE assumes no liability for any accident, loss, claim, judgment, action or injury that may occur to the Guam Power Authority (GPA) and their Contractors/Consultants and/or the Contractor's/Consultant's officers, directors, agents, servants, subcontractors and/or employees, and/or to the personal property of any such person or entity, arising out of the performance of services under this Memorandum of Agreement except to the extent caused or contributed to by the negligent act or omission of GDOE. In addition, no Board member, officer, agent, or employee of GDOE shall be liable personally under or by reason of this Memorandum of Agreement or any of its provisions. In addition, GDOE assumes no liability for any accident or injury that may occur to GPA, their contractor's/consultant's officers, directors, employees, agents, or dependents while traveling to and from Guam in furtherance of this Agreement. Furthermore, GPA, their Contractors/Consultants shall maintain at their expense all necessary insurance for its employees including but not limited to Worker's Compensation, Errors and Omissions, and liability insurance for each employee as required under U.S. and Guam Law and mandates of this Agreement. GPA, their Contractors/Consultants agrees to hold harmless and indemnify GDOE, its officers, directors, employees, agents, representatives, successors and assigns, for any and all claims, demands, costs, losses, fees, penalties, interest, or damages, including attorney's fees, which may be brought or asserted due to (a) any injury, death, or property damage arising from the negligence or other wrongful or tortious acts of GPA, or Contractors/Consultants employees, officers, subcontractors, directors, agents, representatives, successors, or assigns, or (b) failure to comply with terms of this indemnification.

GDOE reserves the right to refuse any GPA employee/volunteer/worker to enter GDOE property if they violate any Guam Laws, GDOE policies or procedures. Parties agree to these terms to the extent allowable by Guam Law.

Guam Power Authority. GPA assumes no liability for any accident, loss, claim, judgment, action or injury that may occur to the Guam Department of Education (GDOE) and their officers, directors, agents, servants, subcontractors and/or employees, and/or to the personal property of any such person or entity, arising out of the performance of services under this Memorandum of Agreement except to the extent caused or contributed to by the negligent act or omission of GPA. In addition, no Board member, officer, agent, or employee of GPA shall be liable personally under or by reason of this Memorandum of Agreement or any of its provisions. GDOE agrees to hold harmless and indemnify GPA, its officers, directors, employees, agents, representatives, successors and assigns, for any and all claims, demands, costs, losses, fees, penalties, interest, or damages, including attorney's fees, which may be brought or asserted due to (i) any injury, death, or property damage arising from the negligence or other wrongful or tortuous acts of GDOE employees, officers, subcontractors, directors, agents, representatives, successors, or assigns, or (ii) failure to comply with terms of this indemnification.

7) Laws and Statutes.

Parties agree to the terms within this agreement to the extent allowable by Guam Law and applicable U.S. federal laws.

8) Disputes.

In the event of a dispute which arises from this Agreement, both parties agree in good faith to informally resolve the matter before resorting to legal remedies.

9) Term of this Agreement.

The Term of this Agreement for five (5) years and may be renewed upon termination.

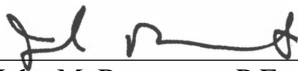

10) Termination.

In the event that one or both parties should require termination of the agreement before the five (5) year period, a 30-day-minimum notification to both parties are required.

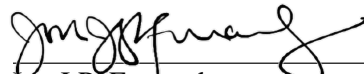

The Parties hereby agree to the terms and conditions set forth above, effective October 12, 2021.

JON J. P. FERNANDEZ
Superintendent of Education

July 14, 2022

MEMORANDUM

TO: Administrator, Federal Programs Division
Deputy Superintendent, Finance and Administrative Services

FROM: Superintendent of Education

SUBJECT: Suspension and Transition of Federal Grant Oversight and Administration
Education Stabilization Fund – State Educational Agency
Education Stabilization Fund II – State Educational Agency
American Rescue Plan – Outlying Areas State Education Agency

Buenas yan Hafa Adai! In a memorandum dated March 29, 2022, Federal Programs Division announced that it would suspend oversight and administration of the Education Stabilization Fund I (ESF I), Education Stabilization Fund II (ESF II), and American Rescue Plan (ARP) grant funds, as a result of overwhelming and daunting tasks and responsibilities, coupled with the lack of professional staff. I agree with FPD's assessment of its current capacity to administer these funds, and therefore, a solution is needed.

In order to maintain proper administration and management of ESF I, ESF II, and ARP funding, the task and responsibility to oversee and administer these funds is hereby transferred from Federal Programs and transitioned to the Deputy Superintendent of Finance and Administrative Services and the Third-Party Fiduciary Agent, Alvarez and Marsal, in conjunction with our consultants, Brustein and Manasavits.

I am directing that the Federal Programs Administrator and Federal Programs staff, with full cooperation, assist in the transition of all necessary records to include the complete approved application with all communication and amendments made, financial documentation, inventory of all equipment purchased from its inception and all reports transmitted to date as well as the timeline for any future reporting. This transfer will assist FPD in focusing on its primary responsibilities to administer Consolidated Grant funds.

All other areas of oversight as outlined in the grant applications will remain as such, with the Project Manager and Leads continuing to assist with the progress of expending these funds.

Respectfully,

Handwritten signature of Jon J.P. Fernandez.

IGNACIO C. SANTOS
Federal Programs Administrator

MAR 29 2022

MEMORANDUM

TO: Superintendent of Education | Chief State School Officer

FROM: Administrator, Federal Programs Division

SUBJECT: Suspension of Federal Grant Oversight and Administration
Education Stabilization Fund – State Educational Agency
Education Stabilization Fund II – State Educational Agency
American Rescue Plan – Outlying Areas State Educational Agency

Buenas yan Hafa Adai! As a result of the overwhelming and daunting tasks and responsibilities associated with the proper administration and management of the Consolidated Grants, FY2020, FY2021 and the forthcoming FY2022, coupled with the lack of professional staff, the Federal Programs Division (FPD), which serves as the State Educational Agency (SEA) to U.S. Department of Education (US-Ed) funded grants, can no longer continue to operate under current conditions. The FPD, operating with a skeleton crew, has been responsible for the administration, oversight and monitoring of more than \$500 million in Federal grant award activities. The amount of time and attention required is relentless, requiring extensive work hours to accomplish the immense responsibilities and meet stringent deadlines.

For the last 2 years, FPD personnel were required and expected to work extended workdays including weekends and holidays in an effort to support all public and participating private-non-public and charter schools. Efforts were necessary to ensure that emergency relief funds, resources and services reached Guam students, their families and teachers as a result of impacts caused by the COVID-19 pandemic. FPD personnel have worked tirelessly to navigate the various grant scope and requirements, including mounting programmatic and financial reports. The FPD has participated in countless early morning and late evening virtual and in-person meetings, teleconferences, workshops and trainings with various stakeholders and US-Ed; provided guidance and technical assistance to project personnel, school administrators, district and government leaders including the Governor's Office, Guam Legislature, the Department of Public Health and Social Services Child Protective Services and the Department of Youth Affairs.

The unreasonable workload continues to take a toll on the remaining FPD workforce, significantly diminishing workplace morale, which will ultimately result in employee burnout, potential resignations or transfers to alternative employment. Since the onset of COVID-19 pandemic declaration, FPD personnel committed themselves to extensive work hours towards accomplishing what is necessary, however, compensation for those work hours is being questioned and with overtime payroll reimbursement pending. Further, personnel are reluctant about continuing to make personal sacrifices for the job and potentially not be compensated yet are still expected to meet countless deadlines, review mounting requisitions, and administer numerous Federal grants.

Suspension of Federal Grant Oversight and Administration
Page 2 of 2

FPD had noted earlier of GDOE's requirement to submit financial information to the Education Stabilization Fund (ESF) Transparency Portal in relation the Elementary and Secondary School Emergency Relief (ESSER) Fund Year 1 Annual Performance Report (APR), which is due by **Friday, April 1, 2022**, however, no response received. Full disclosure was provided to the attention of the Superintendent, Deputy Superintendents, and the Third Party Fiduciary Agent and to this date no actions or support was provided. As per the US-Ed, *"This is the final opportunity for ESSER grantees to make corrections to their Year 1 APR. After the reopen period closes, all Year 1 APR data will be considered final, and the tool will not be available for further corrections."* (Education Stabilization Fund Reporting Help Desk dated March 11, 2022.)

The FPD has, and continues to, express the overwhelming burden of the ongoing challenges relative to the diminished FPD professional staff. The rise in expectations, workload, employee burnout, and lack of compensation for excess hours worked continues to reduce personnel morale and the overall quality of work. This further asserts our immediate request to hire additional professional support, inclusive of three (3) Program Coordinator III and three (3) Program Coordinator II in order to properly distribute the workload, and to effectively administer the Consolidated, Discretionary and the three (3) emergency relief grants. In an effort to ensure that the Consolidated Grant is not compromised as a result of the aforementioned challenges, all duties and responsibilities related to the administration of the following grants will be suspended:

- Education Stabilization Fund – State Educational Agency
- Education Stabilization Fund II – State Educational Agency, and
- American Rescue Plan – Outlying Areas State Education Agency

This situation will diminish the quality of grant administration, compromise internal controls, and thus, place the GDOE at greater risk at loss of funding and ultimately exacerbate GDOE's High Risk designation status. The FPD personnel are funded entirely by the Consolidated Grant, therefore, must take the necessary actions to ensure the implementation of effective internal controls are exercised to safeguard these Federal funds.

Thank you for your prompt and favorable attention to this matter. Respectfully submitted.

Si Yu'os Ma'ase,

HKE C. SANTOS

MEMORANDUM

August 12, 2022

TO: Superintendent of Education

FROM: Deputy Superintendent of Finance and Administrative Services (Acting)

RE: Suspension and Transition of Federal Grant Oversight and Administration
Education Stabilization Fund – State Educational Agency
Education Stabilization Fund II – State Educational Agency
American Rescue Plan – Outlying Areas State Educational Agency
Transfer and Relocation of ESF & ARP Personnel Assigned to Federal Programs

Buenas yan Hafa Adai!

This letter is in response to a memorandum dated July 14, 2022, issued by the former Superintendent Jon J.P. Fernandez, which transferred the oversight and administration of the Education Stabilization Fund I (ESF I), Education Stabilization Fund II (ESF II), and American Rescue Plan (ARP) grant funds from the Federal Programs Division (FPD) to the Finance and Administrative Services Division (FAS).

The transition of oversight and administration to FAS includes a full assessment of the approved grant applications and budget narratives, a review of all pending requisitions, identification of areas that may require an update, and a request to amend the grant application to incorporate the unrestricted indirect cost rate for ARP, which was cited in the grant application but was not applied to the salaries budgeted in the grant.

To ensure the administrative continuity and proper oversight during the transition of the ESF I, ESF II and ARP ESF funds, FAS will work closely with the FPD and the Third Party Fiduciary Agent (TPFA), Alvarez and Marsal. As stated in the memorandum, "all other areas of oversight as outlined in the grant applications will remain as such, with the Project Manager and Leads continuing to assist". As a result of the immediate transition, FAS has transferred personnel support acquired through ESF I, ESF II, and ARP in separate memorandums.

Summary of Grant Awards

In 2020 and 2021, U.S. Congress passed three stimulus bills that provided \$439 million (M) to GDOE to support Guam Public Schools, the GDOE State Administration, and private non-profit and charter school sub-recipients during the COVID-19 Pandemic.

As of August 4, 2022, approximately 99% or \$41,514,818.31 of the total GDOE ESF I award has been drawn or obligated through the purchase order process. Approximately 68% or \$75,334,729.02 of the total GDOE ESF II award has been drawn or obligated and the remaining available funds must be obligated by September 30, 2022. Approximately 50% or \$142,683,688.92 of the total GDOE ARP award has been drawn or obligated and the remaining available funds must be obligated by September 30, 2024. These obligation timelines call for an effective and efficient transition of oversight and administration of these federal relief funds. Oversight and administration of these funds are the shared responsibility of the Chief State School Officer (CSSO), TPFA, and FAS effective July 25, 2022.

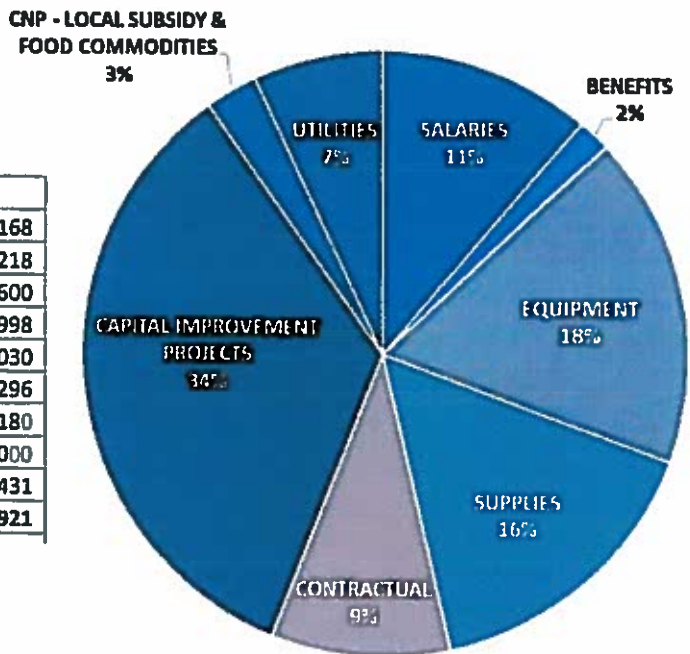

Grant	Award Amount	Expenditures	Encumbrances	Requisitions	Available
ESF I	\$ 41,521,997.00	\$ 34,128,072.46	\$ 7,386,745.85	\$ 0.00	\$ 7,178.69
ESF II	\$110,563,287.00	\$ 32,338,846.58	\$ 23,470,680.16	\$ 19,525,202.28	\$ 35,228,557.98
ARP	\$286,940,627.00	\$ 29,295,979.31	\$ 19,579,283.78	\$ 93,808,425.83	\$144,256,938.09
Total	\$439,025,911.00	\$ 95,762,898.35	\$ 50,436,709.79	\$113,333,628.11	\$179,492,674.76

ARP Line Item Budget

\$287M in ARP funds were granted to GDOE as the SEA to address learning loss through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive after-school programs, or extended school year programs, and to ensure that such interventions respond to students’ academic, social, and emotional needs and address the disproportionate impact of COVID-19 on underrepresented student subgroups. The ARP also allows for the use of grant funds for staff recruitment, support, and retention as well as facilities and grounds upgrades. Additional information on the ARP grant status report by recipient and object class is presented in Appendix D.

ARP GDOE Public School District Budget as of 08/11/2022:

GDOE - PUBLIC SCHOOL DISTRICT	
SALARIES	26,944,168
BENEFITS	4,032,218
TRAVEL (LOCAL MILEAGE)	75,600
EQUIPMENT	42,544,998
SUPPLIES	37,494,030
CONTRACTUAL	23,013,296
CAPITAL IMPROVEMENT PROJECTS	81,821,180
CNP - LOCAL SUBSIDY & FOOD COMMODITIES	6,800,000
SCHOOL SITE UTILITIES (POWER & WATER)	16,702,431
PUBLIC SCHOOL DISTRICT SUBTOTAL	239,427,921

Processes Moving Forward

To ensure the efficient and effective administration of ESF I, ESF II and ESF ARP funds, the framework of this transition incorporates processes that align with existing Standard Operating Procedures (SOP), grant requirements, specific conditions, and other relevant statutory and regulatory requirements.

This immediate transition affects several processes and must be reflected in all applicable SOPs. A list of all applicable SOPs is referenced in this memorandum (see references). For purposes of this transition, the roles and responsibilities formerly assumed by FPD are to now be assumed by FAS as the SEA for all applicable SOPs relative to ESF I, II and ESF ARP funds. SOPs related to the changes prescribed below are subject to amendments to reflect the modified processes.

- **Requisitions (SOP 200-037)**
Modifications to current requisition workflow approval processes include the removal of FPD’s compliance review, the addition of the ARP/ESF Transition Team under FAS’s compliance review, and the certification of funds by GDOE designated Certifying Officers. (Appendix A: Proposed Requisition Workflow)

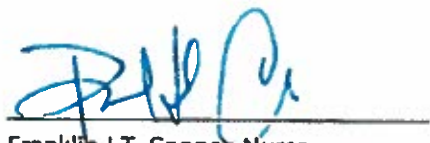

- **Accounts Payable Invoices (SOP 200-034)**
The AP workflow is modified to include two levels of approval of the (1) ARP/ESF Transition Team under FAS and (2) final approval of the TPFA. (Appendix B: Proposed Accounts Payable Invoice Process)
- **Payroll Reimbursement (SOP 1600-006)**
The payroll and reimbursement processes will continue to follow SOP 1600-006, as there are no anticipated changes to this process. (Appendix C: Payroll Reimbursement Process)
- **Program and Performance Monitoring and Reporting**
The process of program monitoring is to ensure that the school districts are using the resources appropriately and comply with statutory and regulatory requirements. In addition, the review of performance provides evidence of the progress of each program objective. All project managers and leads will continue to assist with this process in addition to the personnel designated to support this function. With this new responsibility for FAS, a new SOP must be created to reflect this function.
- **Internal Control and Compliance (SOP 1600-003)**
The Internal Audit Office (IAO) will validate SOP processes and recommend improvements as needed throughout the transition and oversight of ESF & ARP funds. IAO will continue to monitor and evaluate internal controls for compliance and monitoring of all applicable requirements for ESF & ARP.

Personnel and Assets

As roles and responsibilities shift with this transition, Program Coordinators and Administrative Aides that were hired to support FPD will continue to work on ESF I, II, and ARP duties but are now located and report to FAS.

Additionally, all assets acquired with ESF I, II, and ARP funds will be transferred and relocated to FAS. A separate review of asset acquisition will be made to ensure compliance with grant requirements and to properly account for these assets.

Respectfully,

Franklin J.T. Cooper-Nurse

MEMORANDUM

TO: Human Resources

FROM: Deputy Superintendent of Finance and Administrative Services (Acting)

RE: Transfer and Location Assignment Change of ESF & ARP Personnel Assigned to Federal Programs Division

Buenas yan Hafa Adai!

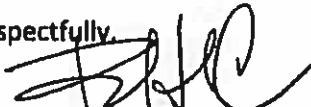

This memorandum is the follow-up to the memorandum dated July 14, 2022, issued by the former Superintendent Jon J.P. Fernandez suspending oversight and administration of the Education Stabilization Fund I (ESF I), Education Stabilization Fund II (ESF II), and American Rescue Plan (ARP) grant funds from the Federal Programs Division (FPD), and transferred that function to the Finance and Administrative Services Division (FAS).

The following is a list of employees funded by ESF and ARP currently assigned to FPD location code 812. With the memo from the former Superintendent, these employees will transfer and report to FAS effective **Wednesday, August 4, 2022**. The salaries and benefits remain the same but their location assignment will now read from location 812 – FPD to location 822 under FAS effective immediately.

List of Employee(s):

July 29, 2022

MEMORANDUM

TO: Superintendent of Education

FROM: Acting Deputy Superintendent, Finance & Administrative Services 

SUBJECT: Request for Transfer of Personnel – Transition Support

Buenas yan Hafa Adai!

Based on the memorandum dated July 14, 2022, issued by the former Superintendent Jon J.P. Fernandez that suspended oversight and administration of the Education Stabilization Fund I (ESF I), Education Stabilization Fund II (ESF II), and American Rescue Plan (ARP) grant funds from the Federal Programs Division (FPD), and transferring that function to the Finance and Administrative Services Division (FAS), to ensure a seamless transition we are kindly requesting your favorable approval for additional Personnel Support.

With the assessment and identifying areas of need, we request the transfer of employee:

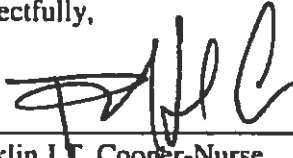

Employee: Ms. Cellini J Higa EIN# 13520
Position: Program Coordinator IV
Current Location: Curriculum & Instruction Loc. 820 to Finance & Administrative Services Loc. 822
Funding Allocation: 221.12.000.011100.22.2200.13.83110 (ARP) 50% /
215.20.000.011100.21.2200.13.00490 Health & Human Services (PREP) 50%

She will be providing critical and direct support to Ms. Christine Rosario, providing back up for processing the payroll reimbursements of the U.S. Department of Education (USED) grant funds. She will also assist with the oversight and monitoring with the Transition Team consisting of the Finance & Administrative Services staff and Internal Audit in-line with our Standard Operating Procedures (SOPs) and internal controls in place with expending these funds.

Her years of experience, knowledge and value with both the local and federal grants, more recently with the Consolidated Grant, Striving Readers Literacy with the USED and the Personal Responsibility Education Program (PREP) with Health & Human Services (HHS). Having worked on both sides of the spectrum in the classroom and administration, her knowledge, skills and years of experience will add value and ensure a seamless transition for both the Public and Non-Public schools that avail to these funds.

Your favorable approval and assistance in this transition will ensure that we stabilize the oversight and management of these funds.

Respectfully,

Franklin J. T. Cooper-Nurse
Deputy Superintendent,
Finance & Administrative Services (Acting)

FEATURED

Guam Department of Education looking to fill almost 100 teacher vacancies

By Julianne Hernandez Pacific Daily News

Aug 3, 2022

A group of new teachers with the Guam Department of Education engages in an ice-breaker exercise during the third day headquarters in Tiyan, Barrigada, Aug. 3, 2022. The objective for the seminar was to give those in attendance a quick over tips to ease help them into their new roles of being an educator in the public school system.

Rick Cruz/PDN

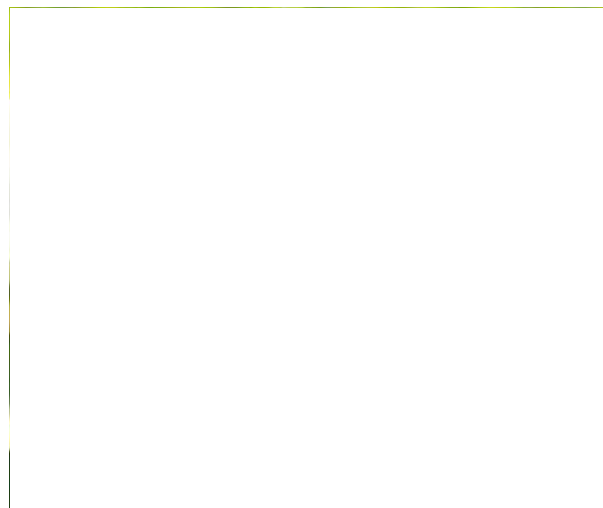

A week before school starts, the Guam Department of Education still has almost 100 teacher vacancies that need to be filled.

As of Aug. 1, the agency had 49 vacancies at the elementary school level and 49 at the middle and high school levels.

The teaching positions that still need to be filled are in math, science, English as a second language and special education, according to Guam DOE Deputy Superintendent Erika Cruz.

“Principals receive referrals from our human resource office daily to try to fill their vacancies,” said Cruz.

With classes starting Wednesday, Deputy Superintendent Joe Sanchez asked educators at a training session for new teachers to spread the word.

“Teacher shortages are not new to GDOE. Not all schools have a full complement of teachers at the beginning of the school year,” Cruz said. “Principals adjust accordingly to address to vacancies until a permanent teacher is hired.”

On Wednesday, the Guam Department of Education held a seminar for new and limited-term teachers, as well as those working toward full certification.

Sanchez said the department will hold a series of workshops to help teachers focus on the social and emotional development of students and deal with problems students might have faced over the last two years.

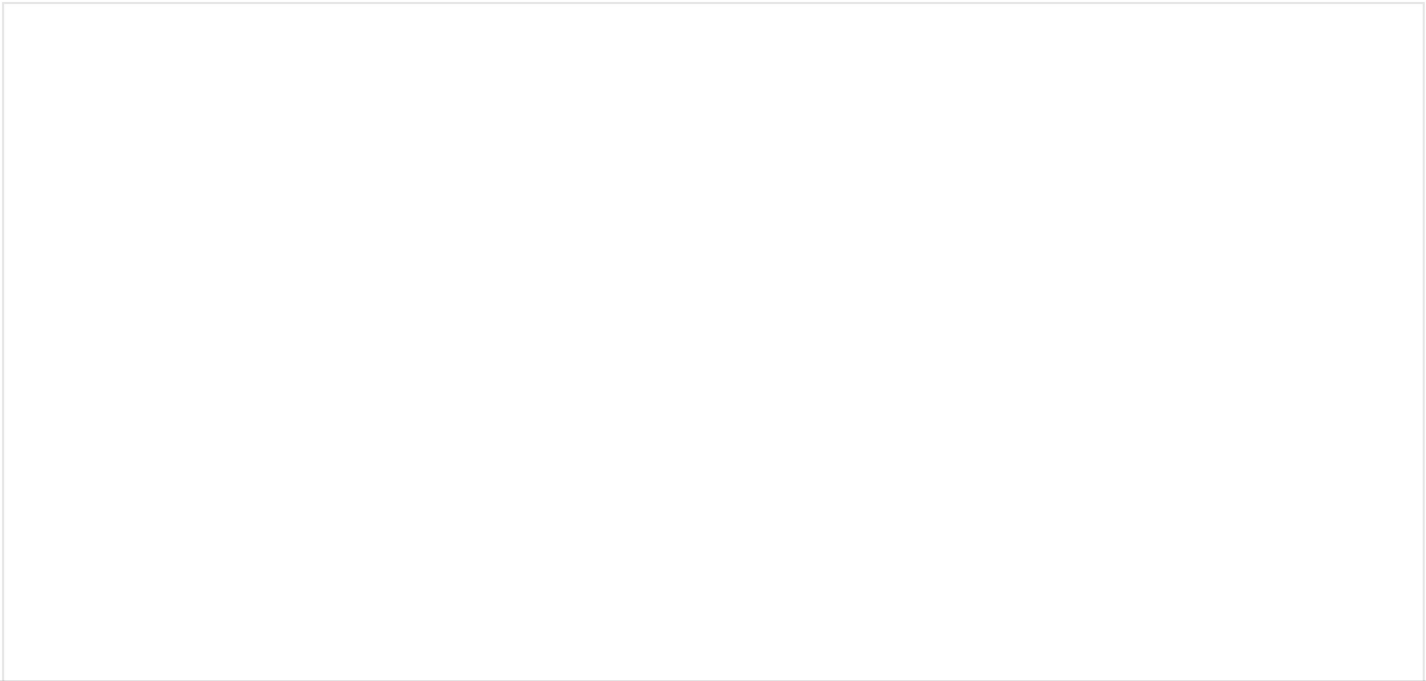

“We’re really happy that we’re going full-on face-to-face, but some of our students still need help with developing socially, how to interact with each other, how to interact with the school system, being out in public and so on,” Sanchez said.

Sanchez added that the workshops also serve as a reminder to teachers, new and experienced, that although they are responsible for managing and teaching students within their classrooms, they are not alone.

“You have your colleagues, (department officials), instructional coaches, your mentors, school administrators. There’s so many support mechanisms that we provide. You don’t have to bear this burden by yourself,” Sanchez said.
