

Guam Early Intervention System (GEIS), Part C
Report Period April 1, 2021 to June 30, 2021

Based on the data presented for report period April 1, 2021 through June 30, 2021. Indicators 1, 7, 8A ,8B and 8C met the 100% compliance target requirement for this reporting date range. *During this quarter, the program continued to work with families via on-line home visiting, emails or personal phone connections with families with meeting our timelines. As of July 2021, GEIS has started face-to-face home visits and meetings with some families.*

Requirements	Targets	Comments
Indicator 1: Percent Infants and toddlers with IFSPs who receive early intervention services on their IFSP's in a timely manner	<u>4/1/2021 to 6/30/2021</u> 100% (N=24/24) Target: 100% Target MET	Indicator 1, for this quarter, resulted in 100% (24/24) of children receiving early intervention services on their IFSP's in a timely manner service delivered within 30 days service was recommended in child's IFSP). Based on the quarterly data for Indicator, there were a total on twenty-six (26) children in this reporting: Of the twenty-six, two (2) were parent delays for meeting their appointments and scheduled meetings. Twenty-four (24) , children with IFSPs within this reporting period received timely services. <i>*During this period, the program lost 5 out of 10 service providers (3 social workers, 1 teacher and 1 nurse), which challenged our teams to conduct timely services. GEIS continues to work hard, especially during this pandemic, to deliver timely services to work with families, via on-line home visiting, emails or personal connection via parents phones using their choice of phone apps (imessage, WhatsApp..etc). As of July 2021, GEIS is starting up services face-to-face with some families.</i>
Indicator 7: Percent of eligible infants and toddlers with IFSPs for whom an initial evaluation and initial assessment and an initial IFSP meeting were conducted within Part C's 45-day timeline.	<u>4/1/2021 to 6/30/2021</u> 100% (N=21/21) Target: 100% Target MET	Indicator 7 resulted in 100% (10/10) of eligible children, with Initial IFSP's conducted within Part C's 45day timeline for this quarterly report. Based on data for this quarter, there were a total of twenty-one (21) children referred to the program: Eleven (11) were delayed due to exceptional circumstances: Six (6) parents had cancelled mtgs, one (1) requested a hold on services, two (2) was delayed: no response to phone calls or written notifications, and two (2) had no show for meetings. There were ten (10) children within this reporting period for whom an initial evaluation and initial assessment, and an Initial IFSP were conducted within the 45-day timeline.
Indicator 8: Percent of toddlers with disabilities exiting Part C with timely transition planning for whom the Lead Agency has: A. Developed an IFSP with transition steps and services at least 90 days, and at the discretion of all parties, not more than nine months, prior to the toddler's third birthday;	A. Transition Plan: <u>4/1/2021 to 6/30/2021</u> 100% (N=13/13) Target: 100% Target MET	Indicator 8A resulted in 100%% (13/13) of children with transition steps developed with families in the IFSP not fewer than 90 days—and, at the discretion of all parties, not more than 9 months—before the toddler's third birthday. Based on data, there were fourteen (14) who exited GEIS for this reporting. Of the fourteen (14) thirteen (13) had transition steps developed with families in the IFSP timely and over 30 month of age, and one (1) was over 33 months of age at the initial IFSP.

Guam Early Intervention System (GEIS), Part C
Report Period April 1, 2021 to June 30, 2021

<p>B. Notified (consistent with any opt-out policy adopted by the State) the SEA and the LEA where the toddler resides at least 90 days prior to the toddler's third birthday for toddlers potentially eligible for Part B preschool services; and</p>	<p>B. Notification to LEA: <u>4/1/2021 to 6/30/2021</u></p> <p>100% (N=9/9)</p> <p>Target: 100% Target MET</p>	<p>Indicator 8B resulted in 100% (9/9) of toddlers exiting Part C and potentially eligible for Part B where notification to the LEA occurred not fewer than 90 days before the third birthday of the toddler with a disability if that toddler may be eligible for preschool services under part B of the Act.</p> <p><i>Based on data, there were Ten (10) who exited GEIS during by this reporting period,</i></p> <p>Notification to the LEA were given for nine (9) children potentially eligible for Part B <i>and were less (<) than 33 months of age</i>, one (1) exited with LEA, and greater than 33 months of age at the initial IFSP.</p>
