

Guam Early Intervention System (GEIS), Part C
Report Period July 1, 2021 to September 30, 2021

Based on the data presented for report period July 1, 2021 through September 30, 2021. Indicators 8A ,8B and 8C met the 100% compliance target requirement for this reporting date range. *During this quarter, the program continued to work with families via on-line home visiting, emails or personal phone connections with families with meeting our timelines. Since July 2021, GEIS has started face-to-face home visits and meetings with some families, and continue to add more families to face-to-face home services as families are comfortable and in agreement with.*

Requirements	Targets	Comments
Indicator 1: Percent Infants and toddlers with IFSPs who receive early intervention services on their IFSP's in a timely manner	<u>7/1/2021 to 9/30/2021</u> 93.33% (N=14/15) Target: 100% Target NOT MET	<p>Indicator 1, for this quarter, resulted in 93.33% (14/15) of children receiving early intervention services on their IFSP's in a timely manner service delivered within 30 days service was recommended in child's IFSP).</p> <p>Based on the quarterly data for Indicator, there were a total on seventeen (17) children in this reporting: Of the seventeen, fourteen (14) children receive timely services, one, (1) was a Program Delay for OT services. Family is currently accessing OT services through their clinic and working with GEIS to support 'as the payer of last resort'. OT services for this child began 61 days after the initial IFSP. Attempts to secure OT service from other local vendors have been unsuccessful. GEIS is currently securing tele-health services from an off-island vendor and hopes to begin by end of October. There are two (2) other children with timely services to begin during the month of October, and therefore, will be counted for the next quarter.</p> <p><i>*Between May 2020 to current, the program lost a total of 6 service providers (4 social workers, 1 teacher and 1 nurse), which challenged our teams to conduct timely services while covering other cases from those service providers who left the program.</i></p>
Indicator 7: Percent of eligible infants and toddlers with IFSPs for whom an initial evaluation and initial assessment and an initial IFSP meeting were conducted within Part C's 45-day timeline.	<u>7/1/2021 to 9/30/2021</u> 69.23% (N=9/13) Target: 100% Target NOT MET	<p>Indicator 7 resulted in 69.23% (9/13) of eligible children, with Initial IFSP's conducted within Part C's 45day timeline for this quarterly report.</p> <p>Based on data for this quarter, there were a total of thirteen (13) children referred to the program: Two (2) were IFSPs were conducted timely, and seven (7) were delayed due to exceptional circumstances (three parents cancelled meetings, two parents were not responding to calls or emails, and two parents requested for a hold on services).</p> <p>There were also four (4) were Program Delays (Initials IFSPs were not conducted within the Part C's 45-day timeline due to the shortage of service providers) resulting in schedules of teams members being full and the inability to conduct the initial referral/evaluations and eligibility/IFSP within the 45-day timeline. [One IFSP was 15 days over the 45-day timeline, one was 88 days over, one on 90 days over and one was 113 day over the Part C's 45-day timeline].</p> <p><i>*Between May 2020 to current, the program lost a total of 6 service providers (4 social workers, 1 teacher and 1 nurse), which challenged our teams to conduct timely Initial IFSPs within 45 days, while covering other cases from those service providers who left the program.</i></p>

Guam Early Intervention System (GEIS), Part C
Report Period July 1, 2021 to September 30, 2021

<p>Indicator 8: Percent of toddlers with disabilities exiting Part C with timely transition planning for whom the Lead Agency has:</p> <p>A. Developed an IFSP with transition steps and services at least 90 days, and at the discretion of all parties, not more than nine months, prior to the toddler's third birthday;</p> <p>B. Notified (consistent with any opt-out policy adopted by the State) the SEA and the LEA where the toddler resides at least 90 days prior to the toddler's third birthday for toddlers potentially eligible for Part B preschool services; and</p> <p>C. Conducted the transition conference held with the approval of the family at least 90 days, and at the discretion of all parties, not more than nine months,</p>	<p>A. Transition Plan: <u>7/1/2021 to 9/30/2021</u> 100% (N=9/9) Target: 100% Target MET</p>	<p>Indicator 8A resulted in 100%% (9/9) of children with transition steps developed with families in the IFSP not fewer than 90 days—and, at the discretion of all parties, not more than 9 months—before the toddler's third birthday.</p> <p>Based on data, there were ten (10) who exited GEIS for this reporting. Of the ten (10) nine (9) had transition steps developed with families in the IFSP timely and over 30 month of age, and one (1) was over 33 months of age at the initial IFSP.</p>
	<p>B. Notification to LEA: <u>7/1/2021 to 9/30/2021</u> 100% (N=9/9) Target: 100% Target MET</p>	<p>Indicator 8B resulted in 100% (9/9) of toddlers exiting Part C and potentially eligible for Part B where notification to the LEA occurred not fewer than 90 days before the third birthday of the toddler with a disability if that toddler may be eligible for preschool services under part B of the Act.</p> <p><i>Based on data, there were Ten (10) who exited GEIS during by this reporting period,</i></p> <p><i>There were nine (9) LEA Notifications sent to Part B on children potentially eligible for Part B, and who were less (<) than 33 months of age. In addition, there was one (1) LEA Notification on a child who exited who was greater (>) than 33 months of age at the initial IFSP.</i></p>
	<p>C. Transition Conference: <u>7/1/2021 to 9/30/2021</u> 100% (N=7/7) Target: 100% Target MET</p>	<p>Indicator 8C resulted in 100% (7/7) of toddlers having a transition conference as required in the IDEA, Part C. <i>Based on regulations: "If a toddler with a disability may be eligible for preschool services under part B of the Act, the lead agency, with the approval of the family of the toddler, convenes a conference, among the lead agency, the family, and the LEA not fewer than 90 days—and, at the discretion of all parties, not more than 9 months—before the toddler's third birthday to discuss any services the toddler may receive under part B of the Act".</i></p> <p>Based on data, there were a total of Ten (10) who exited GEIS by this reporting period, (7/1/2021 to 9/30/2021):</p> <p>Of the ten, seven (7) were timely One (1) child was over 33 months of age at the time of the initial IFSP, and one (1) were delayed due to exceptional circumstances, and one (1) (parent delay), parent cancelled meetings that were being scheduled with them.</p>
