LIST THE PROJECT GOALS:

During the 3-year cycle, CCCLR's main goal is to provide professional development & curriculum development opportunities for teachers to facilitate the needs of all learners and afford students more experiences and opportunities to engage in their learning so they are better equipped with knowledge and skills that will increase their chances of reaching their academic goals and prepare them for higher education or a career.

The goal gives students the chance to explore, identify and build their competencies for a successful transition to college or the workplace.

	<p>“Due to the COVID-19 pandemic that created difficult in data collection for Year 1, the annual targets for Year 2 and Year 3 have been revised. To make it more realistic for the project, the annual percentage/targets for Year 1 were maintained for Year 2, and Year 3 percentages were changed to reflect the original Year 2 percentages.”</p>
<p>LIST THE PROJECT OBJECTIVES:</p>	<p>Annual Objective 1: Professional development on effective teaching strategies and the development of high quality and relevant curricula that will give teachers the skills to plan and implement lessons that meet the needs of all students.</p> <ul style="list-style-type: none"> • YEAR 3: 65% of participating teachers will report being more knowledgeable, well prepared or more than well prepared to teach high-quality, rigorous curriculum and relevant strategies in Career Technical Education (CTE), Advanced Placement (AP)/Honors, and Science, Technology, Engineering, Arts, and Math (STEAM) courses as evidenced by self-reflections and/or classroom observation. <p>Annual Objective 2: Professional development on effective teaching strategies and the development of high quality and relevant curricula will afford students opportunities to engage in learning and increase their academic achievement as evidenced in their course grades, Work Keys Assessment scores and the increases in students placing into college-level English & Math.</p> <ul style="list-style-type: none"> • YEAR 3: 65% of students will earn a “C” or better in the CTE, AP/Honors, and STEAM classes taken; and AP test takers scoring a 3 or higher will increase by 4% from baseline data. • YEAR 3: By the end of SY22-23, the percentage of GDOE students who test into college-level English and Math on the UOG Placement Test will be 90% or more (in English) and increase by 4% from baseline of 9% in SY18-19 Placement Test Results (in Math). • YEAR 3: 85% of test takers pass the WorkKeys Assessment with a bronze score or higher and achieve a NCRC certificate. <p>Annual Objective 3: Opportunities and Experiences in academic, visual performing arts and sports events give students more confidence in their academic work and more occasion to engage in their learning to help guide their decision about the path they want to pursue after high school.</p> <ul style="list-style-type: none"> • YEAR 3: 90% of students who participate in Academic Special Events, Visual Performing Arts, theater and music programs, STEAM and sports opportunities will indicate being more engaged in learning and feeling more confident in their academic work as evidenced by self-reflection surveys and will increase their knowledge and interest in related careers. • YEAR 3: 45% of participating students will indicate an increased interest or strong interest in pursuing STEAM for college degree and 45% will indicate an increased interest or strong interest in pursuing a CTE path or a sports career.

Table 3 shows that one-half of the 26 public elementary schools have implemented Paws in Jobland during the 1st semester of the academic school year. Table 4 summarizes the program utilization for all participating schools. Four thousand eighty one (4,081) elementary students have utilized the program and 679 lessons were completed. 2,795 Career Assessments were completed. The remaining 607 are student sessions of career exploration. Table 5 gives the top 3 career clusters identified from the Career Assessments:

- 1.) Law, Public Safety, Corrections and Security
- 2.) Arts, Audio-Video Technology and Communication

<p>EXPLAIN HOW THE USE OF PROGRAM FUNDS TIES WITH PROMOTION OF ACADEMIC ACHIEVEMENT AMONG STUDENTS.</p>	<p>(How did activities implemented contribute to improving student outcomes?) 100 WORD COUNT</p> <p>Funds from CCCLR Project support activities that provide students with opportunities to explore and gain knowledge and skills that will help them make more informed decisions about what they want to pursue after graduation. The online curriculum and assessment tools help to measure the foundational skills required to be successful in a career. Technology equipment help make information & resources more accessible to students and enables them to become confident in their ability to use information to make decisions and solve problems. In addition, the professional development for teachers help build their content knowledge in Career & Technical Education (CTE), Science, Technology, Engineering, Art and Math (STEAM) so that lessons are relevant and meaningful and can help build student competencies necessary for the college or career.</p>
<p>EXPLAIN THE PROGRAMMATIC AND FISCAL CHALLENGES ENCOUNTERED DURING THE PERIOD.</p>	<p>(Did you encounter challenges that affected project progress? Was there any corrective action taken or is being planned? If applicable, cite any proposed solution(s) to address the problem.) 100 WORD COUNT</p> <p>Challenges with processing procurement items in a timely manner continue as the Department manages Consolidated Grant activities in addition to the Education Stabilization Fund (ESF) I and ESF II and American Recovery Plan grant activities with budgets amounting to over \$400 million. These challenges are compounded by the limitations on holding professional development training due to the lack of coverage for teachers. Project personnel continue to work with the vendors to modify the mode of delivery to accommodate the teachers' schedules. Project personnel also works with its State Program Officer and the Procurement Office to ensure that all requisitions are addressed and move smoothly through the workflow approval process.</p>

Surveys were conducted on the satisfaction of classroom support by TAs and IPAs. 132 teachers responded, below are the results. Note the survey results reflect October to December 2022.

TAs/IPAs Meet the Needs of Students in Special Populations

Percentage of time TAs/IPAs Support Students in Special Populations

Based on the results of the TA/IPA survey, TAs/IPAs are valued and have an impact on classroom instructional support. 80% of teachers Strongly Agree/ Agree that TAs/ IPAs meet the needs of students in special populations (At-risk, ESL, special education).

Teachers were asked to identify the percentage of time TAs/IPA provide classroom support. Teachers indicated that 69% of classroom instruction is more than 50% of the day supporting students in special populations.

86% of teachers Strongly Agree/ Agree that TAs/ IPAs work provided is meaningful.

Overall teachers rated the effectiveness of TAs/IPAs at 48% outstanding and 32% satisfactory.

PART II:	
LIST TRAVEL ACTIVITIES COMPLETED.	<ul style="list-style-type: none"> Innovative Teaching Strategies Conference held in San Antonio, Texas from November 30 – December 4, 2022. Please note that this conference was a substitution for the Learning Forward Conference. The Project had to change conference due to registration closing prior to the cadre being able to register and no onsite registration.
FOR EACH TRAVEL EVENT, DISCUSS THE FULFILLMENT OF FISCAL AND PROGRAMMATIC REQUIREMENTS.	<p>A total of fifteen (15) educators and project personnel attended the Innovative Teaching Strategies Conference in San Antonio, TX. These individuals had submitted a travel application, which was reviewed to see how participation in the conference will benefit both teacher, school and district; with proposed training plans/ ideas. Applications were rated and scored and teachers were selected. Educators had to opportunity to gain knowledge from national experts on best practice for classroom management, instructional teaching strategies, and social emotional learning as a result of the pandemic. Nine individual have submitted travel reports with six pending. Seven travelers have presented to school personnel during the District Professional Development in January 2023.</p> <p>The Project will be collaborating with all participants to host a Summer School conference for all summer school teachers and coordinators. This summer training will also include other travelers that attended funded under separate projects.</p>
PART III:	
DISCUSS THE VARIOUS TASKS CARRIED OUT BY PROJECT PERSONNEL FOR THE PERIOD.	<p>Project Personnel (Lead Project Coordinator & Program Coordinators) facilitated project meetings, conducted consultation meeting with participating schools, administrators and teachers; and address any programmatic issues. TAs/ IPAs provided small group instruction and 1:1 tutoring to support at risk students. Teachers provided instruction and created lesson plans to address student needs.</p>
USING PROJECT DATA TO EVALUATE EFFECTIVENESS/PROGRESS, DESCRIBE THE AREAS FOR IMPROVEMENT IN EACH COMPONENT, AS APPLICABLE.	<p>Survey results from ASPIRE and <i>Eskuelan Puengi</i> are used to show effectiveness of the project along with ways it can be improved. Some of the areas for improvement are the types of support we provide students. As a result of the COVID-19 pandemic, much focus has been emphasized on addressing learning loss and moving forward towards normalcy. The project will assess to see types of training needed to support classroom instructional and student learning. Also, improvements on administrative things such as forms that schools complete quarterly, deliverable review for stipend payments. Much of the data collected show positive impact the projects have on student achievement.</p>
EXPLAIN HOW THE USE OF PROGRAM FUNDS TIES WITH PROMOTION OF ACADEMIC ACHIEVEMENT AMONG STUDENTS.	<p>Project funds were used for personnel to support interventions for students and teacher supports through Teacher Assistants and Instructional Program Aides, State Systemic Improvement Plan (SSIP) training, teachers supporting Second Chance, contractual with Asmyao Community School for Alternative Pathways; procurement of online subscriptions (IXL & Moby Max), instructional supplies and materials and technology equipment for classroom usage. Teacher Service Agreements were paid to teachers to teach ASPIRE and <i>Eskuelan Puengi</i>. Teachers design lessons and intervention activities that address the needs of</p>

	<p>struggling students, provide additional support, and reinforce skills and concepts.</p>
<p>EXPLAIN THE PROGRAMMATIC AND FISCAL CHALLENGES ENCOUNTERED DURING THE PERIOD.</p>	<p>The CSAI Project has not experienced much challenges this quarter. The delay with procurement processing requisitions and converting them into Purchase Orders; the change in the system from federal to local, etc. Hiring the needed personnel to fill vacant positions has been slow and the pool of has been limited. The recruitment of teachers to support activities such as ASPIRE has also posed some challenges. Many teachers have expressed teacher burn out and have opted not to participate. This causes the number of students to be served to be less than projected.</p>
<p>WHAT ACTIVITIES WILL THE PROJECT IMPLEMENT NEXT QUARTER?</p>	<p>The following activities will be implemented next quarter:</p> <ul style="list-style-type: none"> • ASPIRE • <i>Eskuelan Puengi</i> Fall • Implementation of SAM • Travel to the National Association for Bilingual Education (NABE); National Youth At-Risk Conference, and the TESOL Conference.
<p>EXPLAIN METHODS THAT ARE BEING USED FOR MONITORING PROJECT ACTIVITIES.</p>	<p>CSAI has used a variety of tools to evaluate the effectiveness of the Project and activities being implemented. This quarter CSAI has used perception surveys, project meetings, training evaluations, and student grades. Evaluation results will be used to improve the implementation of the project along with doing any recommended corrective actions. Also, collaborative meetings with administrators help ensure smooth implementation and school involvement in the design. CSAI continues to maintain communication with school administrators and all stakeholders. Stakeholders have been involved in planning the implementation of activities for the new school year.</p>

LIST THE PROJECT GOALS: **By the end of the three-year program, the Private, Non-Public (PNP) schools will have achieved the following overall goals: a) Expand student access to experiences to improve student performance in math and reading and enhance their college and career readiness; and b) Provide professional development and technology support for teachers to hone their knowledge and skills in technology integration and disciplinary specific pedagogies.**

**LIST THE PROJECT
OBJECTIVES:**

Due to the COVID-19 pandemic that created difficulty in data collection for Year 1, the annual targets for Year 2 and Year 3 were revised. To make it more realistic for the project, the annual percentages/targets for Year 1 were maintained for Year 2, and Year 3 percentages were changed to reflect the original Year 2 percentages, as follows:

A. Expand student access to experiences to improve performance in math and reading and enhance their college and career readiness:

Component 1. Academic Performance

- YEAR 3: Improve academic performance in math and reading by at least 3% from baseline on the summative assessment used by the Private, Nonpublic (PNP) school.
- YEAR 3: The percent of AP students scoring 3 or above will increase by at least 3% for those PNPs offering Advanced Placement (AP).

Component 2. Specialized Events & Opportunities

- YEAR 3: There will be at least a 3% increase in student participation in STEAM activities, other academic and non-academic special events and at least 65% of participating students will report they are more engaged in learning and that they had a positive experience.

Component 3. Academic & Career Planning

- YEAR 3: At least 75% of participating students will indicate that College/Career Fair is helpful in providing them the information needed to prepare for a college/career path, and at least 20% of these students will indicate an interest in pursuing a STEAM college path/CTE path.

B. Provide professional development and other supports for teachers to hone their knowledge and skills in technology integration and disciplinary specific pedagogies:

Component 4. Professional Development

- YEAR 3: At least 50% of teachers participating in PD will report implementing what was learned in the classroom and feeling more confident in their teaching effectiveness (teacher efficacy).

FFY 2022 CONSOLIDATED GRANT
 QUARTERLY REPORT
 Grant Award #: S403A220002

Component 5. Technology Support & Technology Integration

- YEAR 3: Teachers in participating schools will report at least 20% improved access to technology and online resources and increased integration of technology in the classroom.

PART I:

<p>DISCUSS THE VARIOUS TASKS CARRIED OUT BY PROJECT PERSONNEL FOR THE PERIOD.</p>	<p>(The description needs to align with project components and activities outlined in the approved project application.) 100 WORD COUNT</p> <p>OCE facilitated CG fixed assets transfers with guidance of FPD, data compilation for CG approved activities, oversaw travel activities, and other CG related activities for this reporting period. OCE was assigned an new interim superintendent January 2, 2023 and has attended FPD CG meetings and is working with staff and schools on meeting current grant requirements and planning for FY2023.</p>
<p>USING PROJECT DATA TO EVALUATE EFFECTIVENESS/PROGRESS, DESCRIBE THE AREAS FOR IMPROVEMENT IN EACH COMPONENT, AS APPLICABLE.</p>	<p>(What strategies are working, not working?) 100 WORD COUNT</p> <p>OCE served 3,099 students and 570 teachers this reporting period; data is being used for internal planning and monitoring activities that promotes student academic achievement and teacher efficacy and teacher/administrator retention. <u>Quarterly Reports:</u> OCE school level grant teams continue to do their best in preparing quarterly reports, but still struggle with understanding reporting requirements & templates and how data can drive leadership team planning efforts. A scheduled training with OCE main office might help with this and will be scheduled during 2nd and 3rd quarter this fiscal year. <u>Fixed Assets Inventory:</u> Schools struggle to maintain records of which assets fall under specific grants. OCE will address this as soon as time allows. <u>Approved Events & Activities:</u> Schools are not clear on which events & activities to track & include in reports. <u>Required Data:</u> Schools are not clear on which data to collect and include in reports. OCE is working to manage these concerns by creating spreadsheets to capture the required & relevant data for FY2022 forward.</p>

<p>EXPLAIN HOW THE USE OF PROGRAM FUNDS TIES WITH PROMOTION OF ACADEMIC ACHIEVEMENT AMONG STUDENTS.</p>	<p>(How did activities implemented contribute to improving student outcomes?) 100 WORD COUNT</p> <p>CG funds promote OCE student academic achievement by providing necessary formative/summative assessment materials, advanced placement course material and assessment resources, access to special event resources that supplement and enhance learning goals including MathCounts, Academic Challenge Bowl, National Forensics League. Funding also enhances teacher professional development opportunities to supplement current teaching and learning activities.</p>
<p>EXPLAIN THE PROGRAMMATIC AND FISCAL CHALLENGES ENCOUNTERED DURING THE PERIOD.</p>	<p>(Did you encounter challenges that affected project progress? Was there any corrective action taken or is being planned? If applicable, cite any proposed solution(s) to address the problem.) 100 WORD COUNT</p> <p>Challenges shared by schools include scheduling academic events without having ordered supplies & materials; scheduling PD events, workshops and covering classes/schools that allow teachers & administrators to attend CG funded activities. The timing of procurement process is also a challenge as schools often plan academic activities that require supplies/materials/equipment to support course/class syllabi.</p>

LIST THE PROJECT GOALS: **By the end of the three-year program, the Private, Non-Public (PNP) schools will have achieved the following overall goals:** a) Expand student access to experiences to improve student performance in math and reading and enhance their college and career readiness; and b) Provide professional development and technology support for teachers to hone their knowledge and skills in technology integration and disciplinary specific pedagogies.

**LIST THE PROJECT
OBJECTIVES:**

Due to the COVID-19 pandemic that created difficulty in data collection for Year 1, the annual targets for Year 2 and Year 3 were revised. To make it more realistic for the project, the annual percentages/targets for Year 1 were maintained for Year 2, and Year 3 percentages were changed to reflect the original Year 2 percentages, as follows:

A. Expand student access to experiences to improve performance in math and reading and enhance their college and career readiness:

Component 1. Academic Performance

- YEAR 3: Improve academic performance in math and reading by at least 3% from baseline on the summative assessment used by the Private, Nonpublic (PNP) school.
- YEAR 3: The percent of AP students scoring 3 or above will increase by at least 3% for those PNPs offering Advanced Placement (AP).

Component 2. Specialized Events & Opportunities

- YEAR 3: There will be at least a 3% increase in student participation in STEAM activities, other academic and non-academic special events and at least 65% of participating students will report they are more engaged in learning and that they had a positive experience.

Component 3. Academic & Career Planning

- YEAR 3: At least 75% of participating students will indicate that College/Career Fair is helpful in providing them the information needed to prepare for a college/career path, and at least 20% of these students will indicate an interest in pursuing a STEAM college path/CTE path.

B. Provide professional development and other supports for teachers to hone their knowledge and skills in technology integration and disciplinary specific pedagogies:

Component 4. Professional Development

- YEAR 3: At least 50% of teachers participating in PD will report implementing what was learned in the classroom and feeling more confident in their teaching effectiveness (teacher efficacy).

**FFY 2022 CONSOLIDATED GRANT

If applicable, cite any proposed solution(s) to address the problem.) 100 WORD COUNT Delays with vendors and guidance with procurement have been our main concerns. We are grateful that training is underway with then new transition to the GDOE Munis system. We are still awaiting updated vendor listing and are still awaiting replies on which vendors to seek products/price quotes from. Some of the vendors have not replied yet. In the meantime, we are trying to follow up with vendors on price quotes. We're also awaiting guidance on some questions I submitted regarding some information the vendors are requesting. Also, some vendors are out of stock, so we need to figure out what our options are.

<p>LIST THE PROJECT GOALS:</p>	<p>By the end of the three-year program, the Private, Non-Public (PNP) schools will have achieved the following overall goals: a) Expand student access to experiences to improve student performance in math and reading and enhance their college and career readiness; and b) Provide professional development and technology support for teachers to hone their knowledge and skills in technology integration and disciplinary specific pedagogies.</p>
<p>LIST THE PROJECT OBJECTIVES:</p>	<p>Due to the COVID-19 pandemic that created difficulty in data collection for Year 1, the annual targets for Year 2 and Year 3 were revised. To make it more realistic for the project, the annual percentages/targets for Year 1 were maintained for Year 2, and Year 3 percentages were changed to reflect the original Year 2 percentages, as follows:</p> <p>A. Expand student access to experiences to improve performance in math and reading and enhance their college and career readiness:</p> <p>Component 1. Academic Performance</p> <ul style="list-style-type: none"> ● YEAR 3: Improve academic performance in math and reading by at least 3% from baseline on the summative assessment used by the Private, Nonpublic (PNP) school. ● YEAR 3: The percent of AP students scoring 3 or above will increase by at least 3% for those PNPs offering Advanced Placement (AP). <p>Component 2. Specialized Events & Opportunities</p> <ul style="list-style-type: none"> ● YEAR 3: There will be at least a 3% increase in student participation in STEAM activities, other academic and non-academic special events and at least 65% of participating students will report they are more engaged in learning and that they had a positive experience. <p>Component 3. Academic & Career Planning</p>

- YEAR 3: At least 75% of participating students will indicate that College/Career Fair is helpful in providing them the information needed to prepare for a college/career path, and at least 20% of these students will indicate an interest in pursuing a STEAM college path/CTE path.
- B. Provide professional development and other supports for teachers to hone their knowledge and skills in technology integration and disciplinary specific pedagogies:**
- Component 4. Professional Development**
- YEAR 3: At least 50% of teachers participating in PD will report implementing what was learned in the classroom and feeling more confident in their teaching effectiveness (teacher efficacy).
- Component 5. Technology Support & Technology Integration**
- YEAR 3: Teachers in participating schools will report at least 20% improved access to technology and online resources and increased integration of technology in the classroom.

LIST THE PROJECT OBJECTIVES:	<p>Due to the COVID-19 pandemic that created difficulty in data collection for Year 1, the annual targets for Year 2 and Year 3 were revised. To make it more realistic for the project, the annual percentages/targets for Year 1 were maintained for Year 2, and Year 3 percentages were changed to reflect the original Year 2 percentages, as follows:</p> <p>A. Expand student access to experiences to improve performance in math and reading and enhance their college and career readiness:</p> <p>Component 1. Academic Performance</p> <ul style="list-style-type: none">● YEAR 3: Improve academic performance in math and reading by at least 3% from baseline on the summative assessment used by the Private, Nonpublic (PNP) school.● YEAR 3: The percent of AP students scoring 3 or above will increase by at least 3% for those PNPs offering Advanced Placement (AP). <p>Component 2. Specialized Events & Opportunities</p> <ul style="list-style-type: none">● YEAR 3: There will be at least a 3% increase in student participation in STEAM activities, other academic and non-academic special events and at least 65% of participating students will report they are more engaged in learning and that they had a positive experience. <p>Component 3. Academic & Career Planning</p> <ul style="list-style-type: none">● YEAR 3: At least 75% of participating students will indicate that College/Career Fair is helpful in providing them the information needed to prepare for a college/career path, and at least 20% of these students will indicate an interest in pursuing a STEAM college path/CTE path. <p>B. Provide professional development and other supports for teachers to hone their knowledge and skills in technology integration and disciplinary specific pedagogies:</p> <p>Component 4. Professional Development</p> <ul style="list-style-type: none">● YEAR 3: At least 50% of teachers participating in PD will report implementing what was learned in the classroom and
