<p>FOR EACH TRAVEL EVENT, DISCUSS THE FULFILLMENT OF FISCAL AND PROGRAMMATIC REQUIREMENTS.</p>	<p>(Was echo training conducted? When was it held? State the name of traveler(s). Did the traveler(s) clear within ten (10) working days? Did the traveler(s) submit a Travel Report to the Project Lead, Federal Programs, and Superintendent's Office?) 100 WORD COUNT</p> <p>Training was conducted at each teacher's school site and will also be provided during GDOE Summer Teacher Academy. GDOE front-loaded all district Professional Development days to the beginning of SY 2023-2024 due to Typhoon Mawar in May 2023, so no other district PD days were available this school year. The typhoon caused catastrophic damage to the island and delayed school opening. Moving all the district PD days to the beginning of the year allowed the delayed start of the school year and allow for completion of school repairs. The Summer Teacher Academy will allow teachers to participate in training and earn graduate credit through standard service agreements.</p>
<p>PART III:</p>	
<p>DISCUSS THE VARIOUS TASKS CARRIED OUT BY PROJECT PERSONNEL FOR THE PERIOD.</p>	<p>(The description needs to align with project components and activities outlined in the approved project application.) 100 WORD COUNT</p> <p>Project personnel carried out duties and responsibilities necessary to implementation and monitoring of the project activities including data collection, procurement processes, coordination of events, meeting with teacher groups, participating in community outreach activities, coordinating activities of Instructional Coaches and District Mentors, distribution of equipment, and other tasks related to implementation of the project activities to attain the project goals and objectives.</p>
<p>USING PROJECT DATA TO EVALUATE EFFECTIVENESS/PROGRESS, DESCRIBE THE AREAS FOR IMPROVEMENT IN EACH COMPONENT, AS APPLICABLE.</p>	<p>(What strategies are working, not working?) 100 WORD COUNT</p> <p>More time has been spent on developing more meaningful perception survey instruments. More time should be focused on evaluating the feedback and making the necessary changes to the evaluation and practices for greater effectiveness. The project is currently piloting a new Smarter Balanced Assessment System and will use this data as a baseline for future assessments for the district. It is aligned to the Common Core State Standards for ELA and Math and the Next Generation Science Standards. This will be a new measure to determine whether or not intended learning outcomes that faculty have set are being achieved. The information can then be used to determine how our programs can be improved.</p>

Each of the project activities has a goal to achieve and it is stated in our Quarterly Performance Targets. The project's monitoring plan for each activity consists of collecting data and analyzing the factors such as budget, workforce, time, and expectations. Once all the information is collected, it is analyzed and shared with each of our team members. We then check for compliance, communication gaps, reinforce standards and we expect to maintain and share them with all stakeholders.

<p>PART III:</p>	
<p>DISCUSS THE VARIOUS TASKS CARRIED OUT BY PROJECT PERSONNEL FOR THE PERIOD.</p>	<p>For this reporting period Mr. Jimmy Teria (project lead) and Mr. Felix Chaco (School Program Consultant-SPC), and the rest of our team has taken the helm to implement the activities in this project. Recently, we have secured project personnel to include one (1) Program Coordinator III and five (5) Teacher Assistants for the CHamoru Medium Immersion Program at PC Lujan Elementary. Tasks include procurement, professional development (conducted by SPC), time and effort, and TAs being directly involved with assisting our CHamoru Immersion students and teachers. Our PC-III Mr. Brandy Martinez will be taking a more direct role with the total implementation of this project.</p>

<p>EXPLAIN HOW THE USE OF PROGRAM FUNDS TIES WITH PROMOTION OF ACADEMIC ACHIEVEMENT AMONG STUDENTS.</p>	<p>For the most part the funds budgeted for this project directly benefit students with teacher support as well. This project focuses on Indigenous and Language Immersion Education, as well as the CHamoru Language & Culture Program. Academic achievement is inherently embedded into each student directed activity.</p>
<p>EXPLAIN THE PROGRAMMATIC AND FISCAL CHALLENGES ENCOUNTERED DURING THE PERIOD.</p>	<p>The most profound issue is in the procurement process for all project services. A corrective action plan will need to occur at a higher level as those issues are out of the purview of project personnel who are not in a Deputy or Administrator capacity.</p>
<p>WHAT ACTIVITIES WILL THE PROJECT IMPLEMENT NEXT QUARTER?</p>	<p>One improvement is we have secured a PC-III who is experienced in managing Federal funding and will be implementing new processes to be more efficient. The PC III was not hired during this reporting period, but is scheduled to begin work on April 8, 2024 along with the 5 Teacher Assistants. Additionally, our Strategic Planning Management System is also helping our division to manage this project.</p> <p>Implementation Goals for next quarter:</p> <p>Secure contracts for the following activities:</p> <ul style="list-style-type: none"> 5.2.1 Development of Faneyåkan Sinipok (CHamoru Immersion Program) Curricula, Modules, and Support services 5.2.2 Revision of CHamoru Content Standards & Performance Indicators 5.2.3 Standards-Based Assessments Development <p>Requisitions have been entered and in the Munis workflow.</p> <p>Additionally, this project will get a standard service agreement approved for Eskuelan Tiempon Somnak (Summer School) for our CHamoru Immersion program.</p>

EXPLAIN METHODS THAT ARE BEING USED FOR MONITORING PROJECT ACTIVITIES.

In conjunction with Federal Programs this project will be monitoring activities via classroom observations, professional developments and other such evaluations used to see the activities in action. Furthermore, we will use our SPM system to track all activities. The Strategic Planning Management system is essentially an activity monitoring and accountability application that organizes all division activities, which enables personnel responsibilities for daily operations and major division initiatives. This allows our division administrator to monitor and track all work in an efficient manner.

The students performed well in the weekly practices and the seasonal competitions. No additional data has been collected, yet, but a highlight of this first quarter was learning how to participate in and conduct travel events, as the travel to the volleyball clinic (see above sections on travel). This will set the stage for other travel events anticipated under this grant funding.</p>
<p>EXPLAIN HOW THE USE OF PROGRAM FUNDS TIES WITH PROMOTION OF ACADEMIC ACHIEVEMENT AMONG STUDENTS.</p>	<p>(How did activities implemented contribute to improving student outcomes?) 100 WORD COUNT</p> <p>A key focus this quarter was internal preparation to seek quotes for physical items to be used in the classrooms. Items to be acquired will be used for student courses in physics, chemistry, and math as well as visual and performing arts.</p> <p>Some of the key outcomes we anticipate through requisition of key items are as follows: enhanced AP science courses with precision scales, more effective learning of math skills within math and science classes through new graphing calculators, increased availability of other quality science equipment to expand student science classes, expanded opportunities for pottery, painting, and drawing through pottery wheels, a kiln, and lighting tables, improved learning of digital arts – photography and video production – through the addition of a computer, drone, and DSLR cameras, improved drama performances with an improved microphone system that has robust receivers, and additional musical instruments and supplies to expand opportunities for our students to participate in music programs.</p> <p>Additionally, preparations were made for staff travelers to the FACTS Elevate conference, and we anticipate this professional development will lead to more effective use of the FACTS software system that is used to deliver course content to students and vital communications to students and parents regarding their coursework.</p> <p>We anticipate the overall outcome of these improvements to student courses will result in increased student engagement and confidence in learning.</p>
<p>EXPLAIN THE PROGRAMMATIC AND FISCAL CHALLENGES ENCOUNTERED DURING THE PERIOD.</p>	<p>(Did you encounter challenges that affected project progress? Was there any corrective action taken or is being planned? EXPLAIN METHODS THAT ARE BEING USED FOR MONITORING PROJECT ACTIVITIES.	<p>100 WORD COUNT</p> <p>Documentation on the FACTS Elevate travel event is being collected and retained while preparations for this travel are made. As a school, we are retaining documentation on the financials and the procedures for paperwork to make these travel events happen. We anticipate that this will help us as a school to prepare well for remaining travel events under this funding source.</p> <p>Additionally, we continue tracking the number of students participating in preparations for ASE competitions.</p> <p>Finally, we continue to work with the GDOE office on the drafting of the surveys to be administered in the third quarter.</p>
